For my family we have not had any swimmers since 2006 my three swimmers (Anthony, Nicole, Stephanie) all have had a great swimming career out of NASA and Northridge High School, and have all moved on to the Air Force. This is where they are using everything they have learned throughout swimming and has applied it to their commitment to our country. My wife Sherry and I have been married for 25 year, and she has been working for an agriculture laburtory for the past nine years. For myself I have taken a path to reinvent myself, have gone back to school at Ivy Tech Elkhart, with a major in education, and also have achieved a 2.8 GPA, which I am very proud of. I am also the student President of Ivy Tech Elkhart and I am going through a SLA program (student leadership program). My passion and commitment to this sport is as strong as ever and would be honored to help perpetuate the growth of swimming in Indiana and also work with each and every one of you.
